

ANNUAL REPORT 2019-2020

Dr. JOHN JOSEPH FOUNDATION

MESSAGE FROM FOUNDER AND MANAGING TRUSTEE

Dear One and ALL,

I am humbled and equally proud to witness the long years of our journey of Dr. John Joseph Foundation. We have come a long way from our vision of enabling happy , worry free living for children. The year has seen its ups and downs. Like always we celebrate our successes, take lessons from our failures and continue to move with even longer strides. The greatest challenge has been to sustain our focus on achieving our goal "Inspire Faith without Limits. We have been having the opportunity to conduct various outreach programs with an aim to develop a new system of support to the less privileged and deserving. We continue to support children with our various programs. I want to say a very special thank you to all our donors for joining us in our journey to make possible. You helped us with time, money and resources to keep our lights on. I am happy to present to you our 2019-2020 annual report. I take this opportunity to thank our board for their relentless support. I bow down to the generous hearts who made changes in the lives of many. To all our supporters, foundations, trusts and individuals we hope you continue to rest your faith in us and pave the way to realise our vision. Every day there is more work to be done, many changes to be made, battles to be fought, but we're encouraged knowing we have you on our side.

In solidarity for our non-stop thriving creating better generation.

Churchill Joseph

Founder & Managing Trustee

•Dr. John Joseph Foundation

OUR FLAGSHIP PROGRAMS

The organisation has two wings

Educational Support Group (Wing 1):

Here we focus on the academic attainment in education of a Student by providing scholarship. The foundation was able to create a support system for 10 such potential Children and we are intending to continue this scholarship till they complete their schooling cases for counseling and

ACTIVITIES ROUND THE YEAR - ASSISTING CHILDREN

- *Numbers increasing in our free soccer training at Emma Foulger school. The kids who attend our training every Fridays can not afford to pay and go for a training outside. We thank @onsidesoccer UK for supporting this project. #football #community #partnership #unitedkingdom #india #drjohnjosephfoundation #chennai #freetraining #soccer #soccerskills #soccerworld #help #support log on to www.drjohnjosephfoundation.org*

In this program we work towards creating a safe haven for the deprived children. An atmosphere where they are cared for their basic needs, education, health and all the required development for their normal growth. The name was derived from the Hebrew word AHAVA, which means love. Truly as the name goes for this project, the children are showered with love and care. There are seven children who are in this wing. The kids who are tagged in this wing, not only receive the educational support, but they also get food, clothing and shelter. This project was started on May 29th, 2010.

ACTIVITIES ROUND THE YEAR - ASSISTING CHILDREN ONSIDE SOCCER (UNITED KINGDOM):SUPPORTED BY UNITED KINGDOM

JOHN JOSEPH FOUNDATION

Dr. John Joseph Foundation also runs a Soccer Academy as an outreach to children and young people, partnering with Onside Soccer and is held every

Saturday in the grounds of Emma Foulger Matriculation Schools right in the centre of Chennai. The Academy is free of charge and is open to players from all backgrounds, ages and religions who cannot afford to go to a training academy.

We conduct a 10-day summer soccer camp at School ground which is attended by hundreds of children and also much awaited by them..

SPORTS ACADEMY

*Supported by Sir Standley Mathewa
Foundation (United Kingdom)*

This project is partnered with Sir Stanley Matthews Coaching Foundation, UK. We work among the tribal community at Sembedu Village - Thiruvallur District through this project, Children from the Narikuravar and Irular Community receive soccer training session, free of cost by trained coaches. It aims to create an impact among this community through sports and on a long run it plans to form a football team in the future League tournaments, both (boys & girls).

CHRISTMAS CARNIVAL

Christmas Carnival: Christmas is a season of giving / sharing. Every year the foundation ensures to distribute gifts to 200 less fortunate children during this festival season. We provide gifts that these children would need throughout the year. Our gift boxes are filled with love, care and prayers. In the recent years, we are reaching out to children in a different way. We from the donations collected from and through our donors, get gift vouchers worth Rs. 1000/- for nearly 100 children from Starmark, Phoenix market city and give them a totally different shopping experience. Later, the children go home with a feasting treat from Burger King

AKSHAYAM

- **Feeding project**

- *This programme is yet another new venture of the Foundation. 60 students from the slums of Gandhinagar (located opposite to Island Grounds) are being coached by voluntary tutors every week.*

- **GOAL**

- *We at the foundation have planned to feed all the children and energy levels tutors once a month. Though it is a small step towards serving children by boosting their energy and nutritional levels, we assure to see great changes in the future of these children.*

About Us

Established on 1st November, 2008. Dr John Joseph Foundation is an organization which is operating to meet the basic rights of every deprived child in the society. Our organization works with a dedication to the children who are refused their basic rights to education. We strive to make equality a reality in the lives in the lives of a social-economic ally backward children. Our vision as a humanitarian organization is to "Inspire Faith without limits".

I would like to take this opportunity to Thank Churchill for the hard work and the love he has shown to the less fortunate and needy children, he his giving them a life that would help them succeed in the future and achieve their dreams. Looking after children really needs time and dedication. He has put in so much of hard work and effort to spend time with the children, checking on their day to day needs, providing for their needs, fulfilling their hearts desires. In spite of his busy schedule with family and children. He has always found the time everyday to visit the children and be with them, spending quality time with them. Churchil you are truly an inspiration to many. God bless you and family and Dr. John Joseph Foundation for the great work. I will continue to pray for you and family and children of John Joseph Foundation that the Organization will excell and succeed in everything you do and i also pray that your growth will extend and many more children be added and be blessed. God bless you and family and Organization always.
